

INTRODUCING WELD-AID® PRODUCT GROUPS

NOZZLE-KLEEN®

INCREASE TIP & NOZZLE LIFE

Non-flammable, paintable products engineered to reduce spatter build-up on nozzles, tips and diffusers resulting in longer equipment life.

WELD-KLEEN®

SAVE ON GRINDING & CLEAN-UP

Highly effective anti-spatter products engineered to protect parts, clamps, tooling and fixtures.

LUBE-MATIC®

INCREASE TIP & LINER LIFE UP TO 300%

Cleaners and lubricants designed to reduce tip and liner wear, burnback, wire jams and to promote smoother arc feed.

Weld-Aid® is a subsidiary of CRC Industries Inc.

NOZZLE-KLEEN #2®

Aerosol anti-spatter effective in most applications. It is non-flammable, paintable and contains no fluorocarbons.

Part Number	Container Size	Units Per Case
007022 ¹	16 oz aerosol	6

WELD-KLEEN® HD®

Heavy duty base metal treatment is solvent based, quick drying and accepts pre-heating. The non-flammable formula is ideal for protecting parts, clamps, tooling and fixtures.

Part Number	Container Size	Units Per Case
007030 ¹	20 oz aerosol	6

NOZZLE-KLEEN® HD®

Used for high temperature applications including pulse welding and argon-rich mixtures. Offers outstanding fixture protection and is excellent for stainless steel applications. It is non-flammable, paintable and contains no fluorocarbons.

Part Number	Container Size	Units Per Case
007020 ¹	15 oz aerosol	6

WELD-KLEEN® 350® AP

All Position (AP) is a non-hazardous, water-based anti-spatter available in a convenient aerosol spray. The unique bag-on-valve pressurized delivery system dispenses product that contains no harmful solvents.

Part Number	Container Size	Units Per Case
007088	13.75 oz aerosol	6

NOZZLE-KLEEN® TOOLS

Engineered to remove spatter without scarring nozzle, tip or gas diffuser areas without disassembly. Ground and hardened to 55rc for a long life.

Part Number	Container Size	Units Per Case
007001X	1/4" Tip 3/8" Nozzle Ground	5
007002X	5/16" Tip 1/2" Nozzle Ground	5
007003X	5/16" Tip 5/8" Nozzle Ground	5
007004X	3/8" Tip 5/8" Nozzle Ground	5
007005X	13/32" Tip 3/4" Nozzle Ground	5

NOZZLE-KLEEN®

A convenient solvent-based, quick drying formula that allows for pre-heat, higher duty cycles and higher temperature applications. Excellent for fixture and tooling protection. It is non-flammable, paintable and contains no fluorocarbons and no methylene chloride.

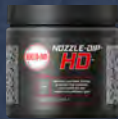

Part Number	Container Size	Units Per Case
YOR-107-A	20 oz aerosol	12

NOZZLE-DIP® HD®

Water-based dip gel reduces spatter build-up on nozzles and tips for longer equipment life. Formula is non-hazardous, non-flashing, and bio-based. Can be dipped hot or cold and will not migrate into liner.

Part Number	Container Size	Units Per Case
YOR 101-1	16 oz jar	12
007094	32 oz jar	6

LUBE-MATIC® COMBO PACK

For superior cleaning and lubrication of wires use both red and black pads in combination at each welding station and during every wire change. One red and one black pad in each pack.

Part Number	Container Size	Units Per Case
007062	1 pack	24

WELD-KLEEN® 350®

A safe economical water-based anti-spatter designed for use in most base metal applications. Effective for use in robot torch blow down systems. Non-hazardous formula is bio-based and paintable.

Part Number	Container Size	Units Per Case
007089	32 oz bottle	6
007090	1 gallon bottle	4
007091	5 gallon bottle	1
007092	55 gallon drum	1

LUBE-MATIC® LUBE PADS

For pretreatment of wires for smooth feeding of wire with poor cast, helix, rust and long feed liners. For use on all types of steel wire. Not recommended for aluminum. 6 pads per pack.

Part Number	Container Size	Units Per Case
007060	1 pack	6

LUBE-MATIC® KLEENER PADS

Red Kleener Pads are effective for all wire types. Reduces burnback by up to 50%. Excellent for aluminum. 6 pads per pack.

Part Number	Container Size	Units Per Case
007061	1 pack	6
